This commitment is permeated with the Marist charism which inspires our whole school community to participate actively in the mission of Jesus Christ. EVANGELISATION

"If we are convinced that education and evangelisation of children, teenagers and young people is a grace for our time, we need to provide a fitting response to this call."

"As young people become more and more aware of their identity, they are committing themselves to serving others and actively participating in the life and mission of the Church."

MARIST CHARISM

124: Marist spirituality, being apostolic, is lived out on mission. The mission of Marist apostles is born in the experience of being loved by God and of our desire to actively participate in the mission of Jesus. Like Jesus we recognise the urgings of the Spirit within, calling us to be witnesses to this Good News.

127: The cries of the world, especially those of the poor people, touch the heart of God and ours as well.

MARIST CATHOLIC COLLEGE PENSHURST - VISION FOR LEARNING (2015)

The Vision for Learning at Marist Catholic College Penhurst 'Aspire to be Inspired', animates and empowers all members of our community to hope and dream. As a community, we support one another and nurture growth as we build on strengths. The Scripture passage from Isaiah 41:13 "I will hold you in the palm of my hand" encapsulates this and is visually represented through the image of the hands.

Methodology

We encourage students of Marist Catholic College Penshurst to be involved in an ongoing decision making process for all issues surrounding Ministry and Outreach;

Experience: Facilitate opportunities for students to be directly involved in activities where they engage in faith life.

Examine: Equip students with the knowledge and faith required to make informed personal judgements about issues they have confronted during their practical experience.

Reflection: Provide students with the skills and opportunities to reflect on their experiences and be able to think about the connections established and their ongoing involvement.

Action: 'Where to from here?' Can this experience be an ongoing part of my life? Do I want to get involved at a different level?
